Therefore, survey has been extended for 1 week and sent to cabins who have not completed. Council will review the results again at the December meeting. The results will be circulated following the Dec 13 meeting.

An evacuation route at the South side of Mistusinne will be developed in the spring. Details will be provided to residents upon completion. This route will be gated. The access is for emergency use only.

If you are doing any development in the Resort village please send me a quick email to ensure you do not need a permit. Better safe than sorry. Building done without an approved permit, that does not fit within the guidelines has to come out. No exceptions. Do not cut trees without authorization. You will have to replace them at your cost.

Development Permits cost \$100.00 per project. Building Permits are billed at a rate of \$3.85 per \$1000.00 of Construction value.

The 2026 Projects have been discussed and costed. The 2025 Employee Reviews are underway. The 2026 fees are finalized. The 2026 Budget will be finalized at the December meeting. 2026 is ramping up to be an excellent season at Mistusinne.

Have a wonderful last week of November everyone! Feel free to send any questions or concerns my way.
