- weekly meetings with Administrative Assistant from April 15 – Oct 15 and reporting to Council at Council Meetings during this time period or as requested by Council

Summer Student(s)

- Period of employment: as determined by Council
- Hours: as determined by Council
- Supervisor: the Maintenance Coordinated assigned as supervisor
- Tasks: as assigned by Maintenance Coordinators

4. ON-SITE COORDINATION

The on-site coordination of the following tasks is the shared responsibility of the Administrative Assistant and the Maintenance Coordinators. Council expects that the Administrative Assistant and the two Maintenance Coordinators will use a **team approach** to managing many of the Village issues, as per the following chart:

Coordination tasks	Administrative Assistant	Maintenance Coordinators	
Liaison with Council	Attending Council Meetings regularly and reporting at Council	Reporting at Council Meetings from May – September	
	Investigating and preparing reports on special situations	Investigating and preparing reports on special situations	
	Preparing weekly or bi-weekly maintenance updates to Council		
Supervision of staff	Monitoring the time sheet and work of the office aide, reporting to Council	Assigning tasks to the student(s), supervising their work and reporting to Council	
Administering the Budget	Preparing the Office Department budget requests, presenting to Council	Preparing the Maintenance Department budget requests, presenting to Council	
	Facilitating equipment purchases or lease		
Managing the permit process	Issuing permits to ratepayers pursuant to the Zoning Bylaw or other bylaws	Issuing permits for tree cutting and for heavy haulers	
Services to ratepayers	Receiving and replying to ratepayer questions and concerns (reporting to Council)	Arranging and coordinating services to cottage owners (rental of equipment, requests for maintenance services)	
Emergency situations	Emergency maintenance issues		
	Administrative Assistant is involved as required	Week days Either or both staff member(s)	Weekends Resident staff member

↔ May require collaboration between Departments.

5. HIRING

Hiring for vacant ongoing positions involves the following steps:

- Council determine the prerequisite for the position
- The position is advertised by the Administrative Assistant
- A designated committee of mayor and councillors short-lists the applications and conducts the interviews
- The entire Council ratifies the hiring

6. STAFF APPRECIATION

The Council demonstrates their appreciation for the work done by staff in the following manner:

- Annually, the Council invites staff in ongoing positions, along with their special guest, to a staff appreciation dinner or provides a gift certificate to a dinner out.
- Annually, in December, the Council pays an honorarium to those staff members in ongoing positions equivalent to \$20 per year of service, with a minimum of \$40 and a maximum of \$200 per staff member.

7. SUPERVISION AND EVALUATION

SUPERVISION

- The Administrator supervises the work of the On-Site Coordinators
- The On-Site Coordinators supervise the work of the remaining staff
- Should there be any improvements or changes required by any member of staff, that staff member shall be notified in writing of the specific changes requested

EVALUATION

- The Mayor and Council will provide for the annual completion of an evaluation report on each staff member in an ongoing position (see attachment #1)
 - On-Site Coordinators will be invited to provide input to the report.
 - The Administrator will draft the report
 - Employees will be evaluated on:
 - The tasks the employee has been assigned from the clusters of tasks in their department
 - Punctuality, time on task, accurate reporting of hours
 - Adherence to Council policies
 - Ethics, honesty, and loyalty to Council
 - Working relationship with other employees
 - Working relationship with Village residents
 - Other items as predetermined with the employee

- Each item will be rated as:
 - Exceeds expectations
 - Meets expectations
 - Does not meet expectations
- For items that “do not meet expectations”, very specific expectations will be restated and a specific time frame established for improving on these expectations, after which a follow-up report will be issued
- Should the follow-up report items continue to not meet expectations, the employee may be considered for termination
- For every report, the employee will view the first-draft of the report and have an opportunity to add the employee’s own comments, in writing, as an addendum to the report.
- A copy of the performance evaluation will be provided to the employee and another copy kept in the employee’s personnel file.

SWIM PLATFORM AND BUOY PROCEDURE

In the fall (after the September long weekend) disconnect platforms and buoys. Beach the rafts and return buoys to maintenance yard. Pressure wash buoys. Remove old plugs and install new ones. Ballast will have to be installed in the Spring (amount to be determined). Enough ballast will be added to ensure buoys will float upright. Faron Comniuk will provide slag ballast.

Tie off anchor lines with temporary buoys. If lake recedes enough in the fall remove anchors and lines.

In the Spring, after the ice melts, install anchors in locations designated by Council. Installation of anchor lines, platforms and buoys will depend on lake level.

Presented to Council by Bruce Dorward, August 12, 2018

Motion to accept procedure outline as presented and add to Human Resource, Maintenance Coordinator job description, August, 12, 2018, Carried.

April 2019 meeting – it was agreed to change above procedure by not attaching floats to anchor lines when the buoys are removed in the fall (due to the ice pulling on the floats and dislodging the anchor lines). Instead the floats should be attached to the anchor lines in the Spring when the ice melts.

March 28, 2020 meeting – it was agreed to change the above procedure by having the rafts removed to the maintenance yard and not leave them on the beach for the winter.
